

National Safe Haven Alliance Baby Safe Haven Sign

Important message from Illinois legislators:

The State of Illinois requires posting this sign in a conspicuous place on the exterior of the facility informing persons that a newborn infant may be relinquished at the location. In Illinois, state-designated Safe Havens are all hospitals, manned police and firehouses, and emergency medical care facilities. The Law requires the Department of Children and Family Services to prescribe specifications for the signs and for their placement that will ensure statewide uniformity.

Product Order Information:

Signs are consistent with U.S. Transportation Highway Standards, are 80 gauge White EG Reflective Aluminum, 18"x 18".
